3. Proceed with account creation

The screenshot shows a progress bar with three steps: 'About you' (active), 'Sign-in details', and 'Add payment, confirm & complete order'. Below the progress bar, the heading 'Let's get you started' is followed by the text 'Looks like you need to create a new account. Let's get you started! Continue as [redacted]@gmail.com.' There are two buttons: 'Set up account' (highlighted with a red arrow) and 'Change my email'.

4. Enter your personal information

- You may enter anything for the company name field and 1 person for company size

The screenshot shows a form for entering personal information. The fields are: 'First name *' (with 'John' entered), 'Middle name (Optional)' (empty), 'Last name *' (with 'Doe' entered), 'Business phone number *' (empty), 'Company name *' (with 'myself' entered and circled in red), 'Company size *' (with '1 person' selected and circled in red), and 'Country or Region *' (with 'United States' selected). Below the form, there is a checkbox for receiving information from Microsoft and its partners, with a link to the Privacy Statement. A 'Next' button is at the bottom.

Turn OFF the 2-Factor Authentication

Please do this quick account setup to allow a smooth first class:

1. Go to Azure Active Directory Properties: [Microsoft Azure Portal](#)
 - o You will need to login with your Minecraft Education credentials
2. At the bottom of the page, choose Manage Security defaults (highlighted in yellow in the image below). A side window will then appear.

3. In the drop down **choose** "disable security defaults", select a reason for disabling, and then click **Save**.
