

Note:

In December 2020, Mojang (the company that made minecraft) ceased selling Mojang accounts. Now you need to have a Microsoft account to sign in and play Minecraft Java Edition.

- **Please make sure the account is fully unrestricted for online multiplayer games.**

How to Allow Multiplayer

1. Go to <https://account.xbox.com/settings> (this takes you to Microsoft account's privacy settings)
 - Sign in with your Minecraft's Microsoft account
2. Click the "Xbox Series X|S, Xbox One, and Windows 10 devices Online Safety" tab

The screenshot shows the Microsoft account settings page for 'SmugBison925264'. The 'Privacy & online safety' section is active, and the 'Xbox Series X|S, Xbox One, and Windows 10 devices Online Safety' tab is selected and highlighted with a red box. A red arrow points to this tab. The page shows settings for 'SmugBison925264' and options to allow or block playing with people outside of Xbox Live and creating/joining clubs.

Privacy & online safety

The gamerpics below show the people in your Xbox family. To change someone's privacy and online safety settings, then make changes, then press Save. Any adult in the family can manage the settings for all the children. Children can only see (and not set) their own settings. Parents if you update your child's settings, they will not be able to take effect.
